Microsoft

Information Governance Challenges

More than **80%** of enterprise's digitized information reside in **individual hard drives** and in **personal files** and **80%** of the data is **unstructured**, not secure nor backed up.

Employees get **50%-75%** of their relevant information directly from other **people**

Individuals hold the key to the **knowledge economy** and most of it is lost when they leave the enterprise

Spectrum of Digital Interaction

Governance in Action

Smart Connected Enterprise

- Document/Corporate Governance and Compliance
- Operational Efficiency
- Cost Savings
- Business Productivity
- Customer/Shareholder Responsibility
- Responsible/Ethical Business Practices
- Competitive Advantage

Thank you!
